Dean Bresciani, Ph.D.
Vice President for Student Affairs

March 6, 2006

Dr. David Rosowsky
Civil Engineering Department
Texas A&M University
3136 TAMU

Dear David:

On behalf of the Division of Student Affairs, I offer my congratulations to Dr. Lee Lowery for the special distinction of being selected a 2006 Fish Camp namesake. An A&M tradition for more than 50 years, Fish Camp welcomes approximately 4,500 freshmen into the Aggie Family every year. Fish Camp namesakes are selected through a student-run selection process; 36 namesakes were chosen for Fish Camp 2006. Those individuals were selected based on the impact they had on the students of Texas A&M University – for doing their jobs in such a way that truly set them apart.

The distinction of being a Fish Camp namesake is proof positive that Dr. Lowery's contributions to TAMU haven't gone unnoticed by our students. Please join me in congratulating him for receiving this time-honored, prestigious recognition.

Sincerely,

Dean L. Bresciani, Ph.D.
Vice President for Student Affairs
